Allavsoft Crack + With Key (April-2022)

There are countless tools out there for downloading your preferred online contents, especially when it comes to videos and songs. Allavsoft is one of these apps, and it specializes in grabbing clips from a wide range of online platforms. Straightforward GUI The main window of this utility makes it very easy for you to paste the URL of the video you want to download. Furthermore, the app automatically analyzes your clipboard and pastes the last link you copied, in an attempt to speed up the process. Alternatively, you can create a list of multiple source files. The next steps involve choosing the output quality (best available, normal or worst), specifying the destination folder and selecting the target format. Supports numerous streaming platforms This application makes it possible for you to grab videos from many streaming platforms, such as Facebook, YouTube, DailyMotion, CollegeHumor, Vimeo and many more. What's more, for some of these services, you can automatically download entire playlists, rather than individual tracks. A special shout-out goes to Allavsoft offering you the possibility to download Spotify contents (songs and playlists) even if you do not have a Premium account. Packs an integrated conversion engine Another handy feature of this app is that you can select a video you have just downloaded or one that you already store on your PC and convert it to another format. Not only can you select one of the many output formats, but they are grouped according to the device that supports them, so you can make sure the processed clip plays flawlessly on your smartphone, iPhone, AppleTV, iPad or Android device. You can even alter the audio volume or cut the source file to the length you need before completing the conversion. Conclusion To wrap it up, Allavsoft can save you a lot of time and energy when it comes to downloading videos and songs from your preferred platform.
