has released a new series of
realistic airport models Mega

London Heathrow pro is one of the brand new series model of British airport Aerosofts London Heathrow Pro by Phil Gluey Aerosofts. Q: How can I catch a SwingWorker which triggered by a button click? I have a JButton which calls a method public void setButtonAction(ActionEvent evt) { someMethod(); setDefaultCloseOperation(JFrame.D

O_NOTHING_ON_CLOSE);
} I want to call that method
and do some stuff first and
after that I want to close the
JFrame. Here is how I am
trying to do this: public class
ParameterDialog extends
JDialog { MySwingWorker
mySwWorker = null; public
ParameterDialog(JFrame
frame, int modal) {
super(frame, modal); } public

void
setButtonAction(ActionEvent
evt) { mySwWorker = new
MySwingWorker();
mySwWorker.execute(); //
Close the Dialog here
setVisible(false); } I have an
error in
setButtonAction(ActionEvent
evt) method. Exception in
thread "AWT-EventQueue-0"
