Q: PHP-redirect a href to another on a specific time I've got a little problem. I've got a link with a href to a page, but I want to redirect it, when the link is clicked for the first time and then every 5 second(or something like this) to another page. My URL is: When I click it - it should redirect me to and then every 5 sec to: or something like this. I've got a little script on the top of the profile.php page, but it's not working for this case: select('user','user.user_id','id'); $query->from('user'); $query->join('user'); $query->where('id='.$user['user_id']); $query_result = $db->query($query); if($query_result){ while($row = $query_result->fetch_array(MYSQL_ASSOC)){ //everything is fine } $query_result->free(); $query->free(); exit(); } ?> Uniq login page uniq login
