FIFA 22 will feature Motion Lab, an expanded video editing tool that gives players unprecedented control over their on-screen likenesses. Players can now adjust the position of a large number of body parts, including head, arms, legs and torso while maintaining control of their player shape and identity. While the game will allow players to choose different variants of their favorite player, FIFA Ultimate Team will continue to be included in FIFA Ultimate Edition and FIFA Ultimate Team will function in the same way in FIFA 22 as it has since FIFA 13, which means real footballers from around the world will continue to be released monthly. In addition to standard pre-order, those who purchase the digital version of the game will be able to download an assortment of content for “more than 100” playable players available immediately and even more players available at launch. Pre-order bonuses include EA Signature jerseys and boots, boots, wallpapers, and Dynamic Player Faces, worn by some of the world’s best players.

FIFA (Football/Soccer) is one of the most popular sports franchises in the world. EA Sports have produced FIFA since its debut on the original Nintendo in the mid-80's.

FIFA 17 released in September 2016. FIFA 18 is currently in production as well as Free To Play FIFA 19. What is PES? Player Emulation System is part of Konami Digital Entertainment's Pro Evolution Soccer series. PES was released in 1994 and is currently in its 15th iteration. Which Sports Game Should I Buy? Both a perennial favorite for those of us who are football nuts, and a popular recommendation for casual sports fans. They are best known for their annual FIFA series, but EA have also published their Football series of games in the past. It has to be a football game, and it has to be a FIFA game, and PES usually gets a mention when this happens. You can find PC (PES), PlayStation (FIFA), Xbox (FIFA), GameCube (FIFA), Nintendo 64 (FIFA), GameBoy (FIFA) and of course Apple (FIFA) here. About FIFA 22 - FIFA and Pro Evolution Soccer from developer Electronic Arts add to the long-standing series in the most anticipated match of the year. FIFA 22 is the game that creates the next generation in the FIFA franchise. The game will bring the next level of the world's greatest sport into your home in new and innovative ways on PlayStation 4, Xbox One, Nintendo Switch and PC. The game arrives this August and will be available from 13th August. What's new in FIFA 22? New Features: Ultimate Team: Ultimate Team is a new mode which includes an all-new set of challenges that you'll have to complete to unlock rewards and earn those all-important "Franchise" and "Pro" badges. The New Discover Weekly: Introducing the all-new Discover Weekly mode. After every ten games, you'll be given new challenges to tackle. Take on the World: Take on the world in a new way with every country working independently and competing for their own against each other to see who's the best. The ability to play online has expanded significantly with the introduction of friend invites. World Tour: A brand new World Tour mode which allows you to bring your favourite players to the world stage to compete in a number of
